1	<ul style="list-style-type: none"> • Both were amazing! Really enjoyed them. • Really enjoyed hearing from them! • Beautiful/Inspirational/impressive • Very interesting info. Very informative, and engaging! Best part of the day! • Great speakers; I'm looking forward to next year's speakers. • Awesome people, awesome info. • Very useful and helpful information. • Thank you for the timely and critical information. • Very relevant and informative. • Impactful! • Excellent presentation. • Awesome! Made the conference worthwhile. Excellent speakers and topic – not enough time. • It was great to have professionals speak on data and opinions. • Extremely relevant, inspired info we can use in our classrooms. Great graphics! Also loved the up to date and current info. • I wish Dr. Sawyer would have given more in for on why there is such concern – like go over myths to truths about vaccines. • Enjoyed the presentation. • Fabulous – exciting to hear and see the scientists. • Awesome, amazing, and inspiring. • Learned quite a bit! Appreciated having Dr. Salk; impressive! • Hard to hear Dr. Salk and videos.

1	<ul style="list-style-type: none"> • Enjoyed hearing experiences, insight from an experienced pathway teacher.
2	<ul style="list-style-type: none"> • As an A&P teacher, there was no other option. • Not too much collaboration. • Person spoke at front, not helpful but time as team did. • More guidance for discussion. • Needs to provide a narrower focus and actual time to collaborate, not just listen.
3	<ul style="list-style-type: none"> • Collaboration wasn't really directed or focused – could be improved by narrow and guided discussion as a goal for the time to talk about discuss aspects of the program or discuss aspect with HASPI team.

1	<ul style="list-style-type: none"> • Thank you! • Awesome; I'll have med chem and med English participate in the pilot program. • Great; excited to see how the students do. • Interesting lesson. • I like it! • Fun! • Looking forward to running the lab. • Can't wait to try and go cross-curricular! • Super simple – I'll definitely use this! • Love this! Way better than HIV lab w/test tubes. • Enjoyed the hands-on aspect. • Great lab, very creative use of HCL and NaOH. • Nice labs! I'm looking forward to module results.
2	<ul style="list-style-type: none"> • Good preview activity. • Trying to find ways to incorporate this info. Into classes. • Sounds like a great lab but no one I'd be doing as chemistry teacher.

Additional Comments or Suggestions:

- I teach middle school so I wasn't sure that this would benefit me, but it did!!
- Thank you! Great curriculum! Keep it up!
- This was interesting.
- Nice location – thanks for having reusable cups/plates, etc.
- Thanks for having us!
- I truly value the background reading for all labs. Fantastic initiative and group of teachers!
- Looking forward to piloting the immunity lab!
- Thank you for all of the time and effort you put into this conference. I'm super glad I came.
- Great, inspiring day! Looking forward to what's next! Thanks for all of your hard work.
- I like the focus of vaccination/immunization.
- This was very informational workshop. Great job, the keynote speakers were impressive.
- Please let us know about medical English; we would have invited a teacher. Lets focus on interdisciplinary approaches next year.
- Keep integrating professional in-the-field speakers.
- It was honor to hear Dr. Salk speak. Thank you for hosting such a heavy hitter!
- Overall I am very pleased and feel my time was very well spent. Thank you; best one yet!
- I Love HASPI! Med Bio (Lab #1), calculating from C to F? Has a mistake in the equation.
- Love the keynotes! And the vaccination module.

- I would like to have a sports medicine break out-group next year; thank you!
- Location was nice, easy to move around. Food was amazing!
- Great lab workshops!
- This was wonderful! Thanks!
- I really thought this location was great instead of the college – more room to work with the labs and interact.
- Great conference! Looking forward to applying the labs!
- Great, interactive day.
- Came last year... loved it! Very informative!!
- Thank you!! Does the recent senate bill only apply to Public education?
- Thank you! It was nice to have ice in my glass, a cloth in my napkin and food to eat! AND I did not have to eat in 5 minutes! Thank you thank you! I always love your program. You are all awesome!
- This was my first time here and it was very efficient is great!
- Conference was very helpful!
- I would like to see how the medical chemistry class could be organized in terms of the topics!
- Discussion needs more organization.
- Good job; Thank you for bringing this to my middle school.
