

Health-Career Exploration Summer Institute 2014

SPECIAL THANKS...

To all the people who come together to make this incredible experience possible for our students, we give our thanks.

Each year, the HESI interns come into the hospital expecting to observe medical professionals and explore different professions in healthcare. Never could the students expect such a warm welcome from the staff as they received.

The staff at Sharp Grossmont Hospital generously donates their time each year to help the next generation of medical professionals explore the many facets of healthcare. They bring the Sharp Experience to life for these students and make them feel welcome as they are introduced to the hospital.

Many thanks also to the Grossmont Healthcare District, whose generous grants make this program possible each year. We truly appreciate the opportunity given to us through your benefaction.

Thank you to the teachers of these students. Our students are well prepared for this program by the instructors of their Medical Pathway courses, which helps them to gain the most from this experience.

To the family members who support our students through one of their most rigorous learning experiences, thank you for your time and patience.

Back Row: Scott Harris, Kelsey Swink, Gergana Borisova, Holly Benoit
Middle Row: Allison Silverthorn, Ali Mahdi, Kayla Hayes, Alexandra Hernandez, Masiti Mohamed
Front Row: Anica Tellez, Kiana Graham, Cinthya Gonzalez, Lindsey Aoun

HESI 2014 Students and Instructors

SHARP

Lindsey Aoun
Valhalla
"I am so much more prepared to work in the healthcare field than I ever was."

Holly Benoit
Granite Hills
"I learned that it is essential to leave what happens at the hospital at the hospital"

Gergana Borisova
Granite Hills
"I was able to learn a lot about my limitations and my interests in the medical field."

Cinthya Gonzalez
Mount Miguel
"Although I am not completely sure what I want to be yet, I am certain that I want to be able to interact with patients."

Kiana Graham
Santana
"This experience has given me the encouragement that I needed to make me chase after my dreams."

Scott Harris
Granite Hills
"I realize now that the hospital is essentially an ecosystem, where every department is vital in the function of the others."

Kayla Hayes
Santana
"Talking to people and seeing how happy they were with their jobs alone solidified my desire to work in healthcare"

Alexandra Hernandez
Granite Hills
"The strangest part was suddenly noticing how much I cared for someone I didn't know."

Ali Mahdi
Granite Hills
"One of the most important lessons that I learned in the hospital was how important communication is."

Masiti Mohamed
Mount Miguel
"This experience intensified my passion for medicine even more."

Allison Silverthorn
Granite Hills
"The hospital tests your ability to handle high stress situations."

Kelsey Swink
Granite Hills
"What was most amazing about the code blue was how fluidly everyone moved together."

Anica Tellez
West Hills
"I have found new confidence and appreciate everything I have been blessed with."

James Saelens
